Details

We have developed a program that will benefit children (9-17 age) that are currently learning how to play better. How to play well enough to participate in events (WJGA, High School, Rocky, Notah, AJGA & more) and score well enough to “climb the ranks”.

Why the name 99 & down and 50 & down?

Players that are scoring 101 and can get to 99 and down. Maybe 89 & how to move down. 82 & down?

Playing 9 holes-- Scoring 52 and can get to 50 and down. Maybe 42 & how to move down. 39 & down?

HOW TO SCORE THE BEST & BEST PRACTICE & BEST STRATEGY

THE FORMAT OF PLAY

Every Thursday Evening Stroke play – Player’s exchange cards – after round – sign and attest.

Scores are posted online and on scoreboard. We will track best practices and best decreases in scoring.

5:00 Tee Time Start --- Check in 4:30 and Small Clinic Each Week at 4:45 PM

THE METHOD IN THE PROGRAM

Players are required to document the statistical data from every round (after the round). Players are required to notate 3 positive things and 1 thing to work on in every round. Players are required to develop a time management program best suited to the one thing they wish to improve on. Players will post stats after their round. We will ask questions post round.

Players will be given a journal that will include thoughts and statistics pages

Venmo the program fee \$300
